

PM Cleansing Formula

An “inside” approach to good health.

The digestive system is the key organ of elimination. It also plays a significant role in the absorption of fluids, electrolytes and certain essential vitamins. When colon function is impaired or sluggish, not only is its ability to excrete waste reduced, but the natural environment of friendly bacteria can be upset. This condition is called “dysbiosis” and if not corrected, it can result in digestive upset and other problems.

Recognizing that a poorly functioning colon can lead to chronic health problems, Herbalife created PM Cleansing Formula, a special combination of wholesome herbs that help soothe, rebuild, and revitalize the colon. PM Cleansing Formula is part of Herbalife’s 21-Day Herbal Cleansing Program. Utilizing a blend of health-building herbs, amino acids and botanically derived enzymes, this gentle two-step program helps promote the body’s regular, natural self-cleansing action.*

The well-nourished and healthy body automatically eliminates toxic wastes through the lungs, skin, kidneys and digestive system. Unfortunately, over time, as a result of illness or poor health and nutrition habits, the elimination process may be slowed and toxic accumulation can occur. Taken in the evening with a full glass of water, PM Cleansing Formula works to normalize or improve bowel action in addition to your overall health.*

PM Cleansing Formula helps promote the body’s regular, natural, self-cleansing action. It soothes, improves and restores balance to the colon. In the end, you’ll feel refreshed and rejuvenated and your colon will thank you.

Discussion Points

- Colon cleansing: Herbalife’s 21-Day PM Cleansing Formula helps maintain a properly functioning colon by revitalizing this section of the digestive tract.*
- Digestion enhancing: Aids digestion so that your body can make the most of the food you eat.*
- De-toxifying: Helps eliminate toxins absorbed from the air and diet.*
- Combine with other products: PM Cleansing Formula can be used in conjunction with the Thermojetics® Weight-Management Programs and Herbalife’s entire line of nutritional products.

Did You Know?

Millions of people worldwide suffer from colon and gastrointestinal tract diseases. The cause of these ailments are often related to poor diet, stress, drugs or chemicals our bodies absorb.
