

*"Herbalife gave me energy!"*

## 15 Pounds Lost

### Active but without energy:

You would have thought that as an aerobics instructor, Lydia Haskell would have felt energetic all the time. "I spent years teaching aerobics, but I felt like I was running on empty all the time," she reports. "Plus, all the diets I tried and exercising I did seemed to have no effect on my weight loss. Then I discovered Herbalife's Thermojetics® Herbal Concentrate. What a difference that made!"

### A program she could live with:

Lydia started by using just the teas; then she began following the Thermojetics® QuickStart Program and got smart about not eating junk food. She soon lost 15 pounds and 11 inches. "I also like Schizandra Plus, RoseOx™, Herbal Aloe—they're all great products!" she exclaims.

### The right program for anyone:

"As a 36-year-old with a wonderful daughter, I'd like to say that anyone can benefit from this program! You just have to use the products and understand the importance of protein and lean body mass," Lydia stresses.\*
