

*"We've never felt this good in our lives.
The weight loss is just icing on the cake!"*

Helen and John Huntsman had experienced every diet obstacle, from food cravings to poor results. Despite getting up at 5 a.m. daily to exercise and going through an entire year of dieting, Helen wasn't happy with her body or energy level. For John, the motivation was different. "I didn't like how I felt on diets, and I wasn't ready to give up my comfort foods."

“Herbalife
got us over the
diet hurdle!”

TIRED OF COUNTING CALORIES AND SUBTRACTING FOOD, HELEN AND JOHN
ADDED HERBALIFE TO THE EQUATION WITH WINNING RESULTS.

Inspired by a friend's successful Herbalife-related weight loss, Helen began the Thermojetics® Green Weight-Management Program. In nine weeks she was 33 pounds lighter. Says Helen, "Unlike other diets, I never felt hungry or fatigued."

"After Helen lost weight so quickly, I decided to give it a try," says John. He experienced no cravings or hunger pangs, even during the holidays. Stress, once a concern, was no longer a problem.

John and Helen feel that Herbalife has helped them achieve a level of health they had never been able to reach before. Says Helen, "This is the best place to be." Agrees John, "This incredible nutrition program has had an amazing impact on our lives."*
