

“ShapeWorks™ helped me build the lean muscle I needed to get fit faster!”

“I’ve lost 28 pounds and now I have my life back.”

A lifelong exercise fanatic, Felicia Moon always stayed fit and active. But when health challenges required her to take medication, 33-year-old Felicia’s energy level suffered, she put on weight and was unable to exercise. “I didn’t feel like myself anymore.”

Today, Felicia is back to the fit and toned body she worked for so many years to sculpt. She couldn’t be happier to have regained the energy and confidence to enjoy her active lifestyle. “I’m loving life again,” she exalts.*

WITH THE ADDED PROTEIN SHE GETS FROM SHAPEWORKS™, FELICIA, FORMERLY A SELF-DESCRIBED JUNK-FOOD ADDICT, SAYS SHE'S NO LONGER TEMPTED BY UNHEALTHY SNACKS.

When Felicia began using ShapeWorks™ products, the results amazed her. She lost 28 pounds and felt more nourished and satisfied than ever before. Best of all, she got her energy back and was able to resume her exhilarating exercise regimen.
